

NEAPOLIS CHEESE FACTORY COMPLETES NEW CURING ROOM

The Neapolis Co-operative Dairy Association, which operates a cheese factory, store and service station ten miles east of Didsbury, has completed the addition of a new curing room to the cheese factory and hope to have the new freezing plant installed and in operation before the end of the year.

The cheese factory was built in 1938, following the depression years of the 30's, and has proved to be a deciding factor in putting the farmers back on their feet after severe hard times. Today this same factory is operating at a profit and bringing the shareholders better prices for their milk than ever before.

The business is increasing, too, and last year the 60 farmer members sold 3,021,130 pounds of milk to the Neapolis Co-op. From this milk 282,834 pounds of whole milk cheese were made and sold.

Production figures for the first seven months of 1947 show an increase over last year and up to August 1st the Neapolis Co-op. has purchased 1,977,749 pounds of milk from which they made 179,771 pounds of cheese.

The Neapolis Co-operative Dairy Association has won a number of prizes in past years for its quality cheese and continues to turn out a first-class product under the able supervision of the cheese maker, Ken Schultz.

Garnet Tighe is secretary-treasurer of the organization. Gordon Elliott is manager of the service station and A. Thompson is manager of the Co-op store.

Creameries, cheese factories, feed and flour mills are a big factor in maintaining the steady income of farmers in a mixed farming area and Didsbury is fortunate in having all these industries. Let us hope they continue to prosper, for in so doing the farmers will prosper with them and reap the added benefit from the extra work entailed by the mixed farmer.

A. F. U. NOTES

QUESTIONNAIRE ON WHEAT MARKETING

1. Do you believe that our application for \$1.60 per bushel initial price for wheat, basis Vancouver, goes far enough at present?
2. Do you think the Dominion Government should pay the farmers the difference between the price paid Britain under the Wheat Agreement and the average world price at which the balance of our wheat is sold?
3. Do you feel that the Dominion Government should cancel the present wheat agreement with Britain?
4. Should the Dominion Government in future pay the farmers the difference between the world price and that agreed on under the Wheat Agreement?
5. Are you in favor of allowing the Winnipeg Grain Exchange to be reopened for trading in wheat?
6. Are you in favor of retaining the Canadian Wheat Board as a permanent method of marketing all our grain?
7. Are you in favor of a stabilized price for wheat over a term of five years or more on a parity basis rather than taking your chance on the open market price from year to year?
8. Are you in favor of the Dominion Government policy of allowing the miller, etc., to purchase our wheat at \$1.55 instead of buying it in competition on the world market?

These questions are to be discussed at the next meeting of the Rugby Local, to be announced later, so give them thought and plan to attend.

RAILROADER HONORED

Lt. Col. F.E. Wootton, M.C., E.D., was honored at Edmonton recently for his distinguished war service when the Governor-General, Viscount Alexander, made him an Officer of the British Empire. Now superintendent for the Canadian

Pacific Railway at Medicine Hat, Lt. Col. Wootton finished the first Great War as a Major in the Royal Canadian Artillery and in the second Great War organized and commanded the Canadian Railway Operating Group overseas.

GETS \$200 SCHOLARSHIP

Among the 200-high school students in Alberta receiving \$200 scholarships of the Department of Education, in an effort to relieve the teacher shortage in the province, was Marion May Eby, daughter of Rev. and Mrs. Eby, who attended Didsbury high school last year.

NEWS ITEMS FROM TOWN AND DISTRICT

Mr. and Mrs. Arnold Sherreick returned Friday from a two weeks' holiday at the west coast.

Mrs. Harry Miller and family of Deep Cove, B.C., are visiting with her mother, Mrs. H. Barnard of Elkton.

The Evangelical Youth Fellowship wishes to announce a special program on Friday, September 12. Special speaker will be Bill Hooper. Come and bring a friend.

J.D. Thomas returned on Wednesday last from a trip to Idaho where he visited his sister and enjoyed a few days fishing on Lake Pan D'Orielle. He reports the travelling rough through the Crow's Nest Pass but good over the Banff-Windermere highway.

Mr. and Mrs. G.R. McLean and Mr. Geo. Elmore, all of Calgary, called on Mrs. McLean's parents, Mr. and Mrs. Theo. Reist, and other relatives and friends on Sunday.

Mr. and Mrs. Don Mortimer left last week for Madison, Wisconsin, where they will both attend the University of Wisconsin. They arrived in Wisconsin last Friday.

Four members of the Didsbury Gun Club went to Olds last Friday to participate in a friendly shoot with the Olds Gun Club. The local boys were well up on the score sheet with Andy 18, Bouleau 18, Ranton 17 and Studer 13. Henry Schielke of Olds was top man with 21.

W. McFarquhar and Dale Kimmel, Massey Harris agents in Didsbury, are continuing work on the warehouse at the back of the hardware store. The foundation for this structure was put in last year but work was delayed when winter set in and material was scarce.

The nurses of the Rosebud Health Unit will hold fall immunization clinics at Grande Centre, Davenport, New Berthall, Siebertville and Baneroff on September 17, October 1, 15, 29, and November 12. Please ask your teacher for times when we will be at your school.

WORK STARTS ON PREVOST MOTORS NEW GARAGE

Actual building operations commenced last week on the new Prevost Motors garage building just south of Jas. Calhoun's office and warehouse, and the cement butts have now been put in and work will continue until the new building is completed.

The new garage will be of cement block construction and will be 48x66 feet in size.

Bert Prevost, proprietor of Prevost Motors, is Didsbury dealer for Mercury and Lincoln cars and Mercury trucks and has been operating in the Cassidy Lumber Yard building since taking over the garage part of the business from Ken Cassidy this spring. Bert previously worked in Calgary for MacIn Motors, and operated the Hiway Service Garage for a year and a half before disposing of the business to Wm. McCulloch.

NO MOOSE SEASON WEST OF DIDSBURY?

While no definite announcement has been made by the game branch at Edmonton regarding the open seasons for big game in Alberta this year, a summary of the proposed changes have been made for the current year and provide for a closed season on antelope and in the taking of caribou, one male only. In the Pincher Creek area south of the Castle River one elk of either sex may be taken. The area for taking deer has been restricted by cutting out a section of country lying north of the highway between Red Deer and Rocky Mountain House. This is also true of moose. In addition no moose may be taken south of the Clearwater River and the North Saskatchewan River.

Big game hunting seasons will be virtually the same as last year: Mountain Sheep and Goat: September 1st to October 31st. Bear: September 1st to December 13th, and April 1st to June 5th. Deer, Moose and Caribou: November 1st to December 13th. Elk: North of the Castle and Old Man Rivers and west of No. 2 Highway: November 1st to December 13th. South of the Castle and Old Man Rivers—November 1st to December 31st.

MELVIN NEWS NOTES

Mr. and Mrs. Allen Krebs and Mr. and Mrs. A. Puffenroth visited with friends at Lethbridge on Sunday.

School opened Tuesday morning and we saw the little red bus making the round again. It has a full load again and we understand there are five beginners.

Little Elmer Youngs was taken to the Didsbury hospital Sunday night and is progressing favorably. We hope he will soon be home again.

Mr. and Mrs. W.A. Doherty and Kenny and Mr. and Mrs. R. Gunderson and Carol of Calgary spent the week end with Mr. and Mrs. Bert Prevost.

HEAD C.P.R. BROTHERHOOD: Executive of the Brotherhood of Maintenance of Way Employees of the Canadian Pacific Railway for the next three years is shown above following their election at a meeting at the Chateau Frontenac in Quebec. The next general meeting of the organization will be held at Vancouver in August, 1948. Left to right, sitting: A. C. Mykle, Winnipeg, assistant general chairman for western line; W. Donnelly, Ottawa, secretary-treasurer; J. J. O'Grady, Ottawa, vice president; S. Burns, Toronto, general chairman; and W. K. McKee, Winnipeg, vice general chairman standing: J. Inglis, Medicine Hat, assistant general chairman for western line; G. Cochran, London, assistant general chairman for eastern line; R. Gauthier, St. Therese, Que., assistant general chairman for eastern line.

KNOX UNITED TO HOLD FLOWER SERVICE ON SUNDAY

The Knox United Church will open its Fall and Winter Services on Sunday, September 7th.

The evening service at 7:45 p.m. will be a "Flower Service." You are invited to come and bring a few of your choice blooms.

The ladies of the church have done a very nice job in cleaning and decorating the church for the opening services.

Sunday School will meet at the usual time, 11:00 a.m. The Westcott service and Sunday School will be at 11 a.m.

THREE INJURED IN HIGHWAY ACCIDENT JUST EAST OF TOWN

Delbert Bellamy of Cremona was seriously injured last Tuesday afternoon about 5:30 o'clock when the school van he was driving overturned in the ditch on the highway east of town and just south of the subway.

Bellamy, together with three other young men, was coming from Calgary and when coming down the hill met a car on the road which failed to pull over to the side. In an attempt to avoid a collision the driver turned out and overturned the van when striking a soft shoulder.

Delbert Bellamy suffered severe head injuries and was taken to the Didsbury hospital, and is said to be progressing favorably. The other occupants suffered minor injuries, but were released from hospital.

The van, a Dodge truck converted for carrying school children, was quite badly damaged and was towed into town Tuesday evening.

NEWS ITEMS FROM TOWN AND DISTRICT

Mrs. John Carlson, who has been spending the past six weeks visiting her brother, Mr. Wilfred Renie, and Mrs. Pearl Renie and family, left last week for her home in Glendale, California.

Mrs. S. Coulter visited in Didsbury over the holiday with her son, Alex Coulter, and returned Tuesday to her home in Calgary.

The Sunday School of Knox United Church will reopen on Sunday, Sept. 7th at 11 a.m. The officers and teachers hope that all students will be in attendance.

Clarence Johnson, who has been spending the summer working for a gold mining company at Dawson City, Y.T., arrived back in Didsbury last Friday. He plans on resuming his studies this fall at the University of British Columbia.

The weather over the week end was fine and many local residents visited favorite holiday spots. Some went fishing on the Red Deer river but report high, muddy water due to the heavy rain in the foothills on Saturday.

OLDS AND DIDSBURY GUN CLUB MEMBERS IN FRIENDLY SHOOT

Club members of the Olds Gun Club visited the Didsbury Gun Club last Tuesday night at their regular weekly shoot, and while no competition rounds were shot, the visitors seemed to have the edge of the event. However, our sporting neighbors to the north didn't quite have things all their own way. Russell Ady of Didsbury was up to his usual form and topped the evening's score by breaking 22 targets out of 25 to uphold the reputation of the Didsbury club.

Following are the scores for the evening's shoot:

Henry Schielke (Olds) 20; A.G. Studer 6; H. Hanson (Olds) 20; I. Klein 18; A. Denigan 11; Bob Rankin (Olds) 18; Bouleau 14; Geo. Elliott (Olds) 13; Ady 22; Berscht 12; McDonald 8; McCoy 14; Ranton 7; Thompson 11; Watkin 15.

Due to trouble with the trap the last five participants in the evening's shoot were handicapped by darkness, but concluded the event in true sportsman style, even though the "flying saucers" were a bit hard to see.

The four top scores of each club were:

Olds	Didsbury
Schielke 20	Ady 22
Hanson 20	Klein 18
Rankin 18	Watkin 15
Elliott 13	McCoy 14
71	69

NOTES FROM THE EAST

The Lone Pine W.I. will meet at the home of Mrs. D.B. Wood on Wednesday, September 10th. Ladies please bring article for the auction sale.

Mr. and Mrs. Wm. Lyons and Howard were dinner guests Friday at the Sam McAllister home and together with Mrs. Clifford Nelson and daughters, June and Doris, spent the afternoon at the Coates' farm.

The Judland school reopened for the fall term on Tuesday with three beginners, Ann Shells, Patsy Coates and Brian Huggard. The children had to buy all their school supplies this year. They like their teacher, Mr. Owen Brown. Mr. and Mrs. Brown have taken up residence in the teachers' house.

Little Jerry Hunter, son of Mr. and Mrs. Joe Hunter, is spending a few days with his grandmother, Mrs. Sam Elliott.

Mrs. Rach Shells has returned to Hupstcliffe school to teach again this term. Her daughter, Grace, is staying with her and attending school.

Walter McCulloch commenced to thresh grain Monday morning. He says the grain is dry and threshing well, and hopes for fine weather as he has about a 30 day run.

Mr. and Mrs. Clifford Nelson were dinner guests Saturday at Mr. Nelson's home in the Mountain View district.

Mr. and Mrs. Balfour and family of the Davenport district, Michael Boyce of Olds and Mr. and Mrs. W. Coates and family were all visitors Sunday at the Coates' ranch four miles west of Olds.

According to reports the honey crop this year in our district is real good. The dry weather earlier in the summer apparently accounts for the bees working overtime.

Mr. and Mrs. Jack Edwards and Mr. and Mrs. Guy Stevens attended the Kimmel-Hergert wedding at Olds on Saturday.

The United Church Choir will meet for practice on Wednesday, September 3rd, at 7:15 p.m. Anyone wishing to join may come.

Editorial

DIM YOUR CAR LIGHTS

A number of near accidents have been reported lately due to the fact that motorists have refused to dim their car or truck lights at night while passing other vehicles. On one night alone a local motorist reported that he had passed three cars in the Didsbury district whose drivers failed to acknowledge the courtesy of driving by dimming lights, thus making difficult passing on narrow roads.

All cars are provided with "dim" switches and the law compels drivers to dim lights when passing other vehicles at night, but many seem to take delight in focusing bright car lights into the eyes of passing motorists, at the same time endangering their own vehicles and possibly the lives of the occupants.

As a motorist you are one of the privileged travellers on our highways and byways and it is hoped that all who read this will take heed and if among the offenders will in future resolve to obey the laws and courtesy of the road by dimming their car or truck lights at night when passing other vehicles.

EYES ON BRITAIN

There is interest, and some outspoken disappointment, at the new economic plans put into force by Britain's socialist government. No one denies that it will have a serious effect on both Canada's foreign trade and her monetary position with respect to other countries. The Department of Trade and Commerce has been convinced that one-third of Canada's income comes from external trade and that the loss would be felt by all whether our income comes directly from external sources or indirectly. Under these conditions it is not difficult to understand the intense concern felt in all circles here about our external relations. Britain's statement at Geneva that she could not sign the multilateral tariff agreement, as now drafted, for at least another year, is a blow to Canada's hopes and efforts for a freer world trade.

Would Britain's position have progressively worsened if its government had been less concerned about "socialism" is the question in many minds. The decision of the British government to postpone the "socialization" of the steel industry until the economic crisis is over would indicate that even the socialists believe that their policy has been detrimental to the reconstruction of the old land.

Many are convinced that Canadians are more and more coming to the conclusion—perhaps reluctantly—that our greatest hope, if not our single hope, for happiness and prosperity comes only from a strengthening of the United Nations. It is becoming clear that a high level of multilateral trade will not come except through united action. Few have illusions about the difficulties and dangers in the way with Soviet Russia challenging every move, and with socialist "planning" on a national basis threatening every attempt at the freer trade which is necessary if the unfortunate millions of the world are to obtain food. Exaggerated "nationalism" is a luxury we cannot afford.

Canada contracted to supply 120,000,000 pounds of beef during the calendar year, of which 1,065,543 pounds were shipped by July 15.

TEACHERS WANTED

The shortage of teachers is acute. We solicit the help of any teacher holding a certificate.

Apply to:

S. J. GILSON, Secretary-Treasurer,
Olds School Division, Didsbury, or
X. P. CRISPO, M.A.,
Superintendent of Schools, Olds.

A man walking on the moors was caught in a torrential downpour. He looked around for some sort of cover and spotted a hollow tree on its side. To gain protection from the tempest, he crawled inside through a narrow opening.

He lay there for two hours before he realized that he had become virtually a prisoner in the tree. The rain had caused it to swell, and the opening through which he had entered was now too small for him to squeeze his way out. But even worse he began to feel so small that he realized he could now creep out through the opening. This he did, and went home and led an exemplary life ever after!

In the middle of the ministers hour-long sermon, a baby began to wail, and its mother rose and carried it towards the exit. The minister interrupted his flow of oratory to say consolingly, "You need not depart sister, your baby is not disturbing me." The mother answered, "I'm glad to hear it but you're certainly disturbing him!"

SIDEWALK NO PLACE TO COUNT MONEY

DETROIT.—A downtown sidewalk is not the best place to spread out \$1,000. William Greenwood, 63, and Charles Briscoe, 57, agreed. The two old friends, meeting yes-

terday soon after Greenwood had received a \$1,000 disability compensation, counted the cash out on the pavement and added \$800 of Greenwood's savings. While they were admiring the money a passer-by took one look, scooped up the bills and fled.

Esso

KEROSENE and
IMPERIAL NAPHTHA
For Lamps and Lanterns

The following letter from the Head Office of the Coleman Lamp and Stove Co. Limited speaks for itself:

"It has been our policy from time to time to have our laboratory test Esso Kerosene and Imperial Naphtha. After careful analysis each time we have found that Esso Kerosene and Imperial Naphtha have all the qualities so essential in fuels that are to be used in Coleman lamps, lanterns, irons, stoves, blow torches, and similar products. We highly recommend them for use in Coleman kerosene or gasoline appliances."

For complete satisfaction in your kerosene and gasoline appliances always use Esso Kerosene and Imperial Naphtha.

IMPERIAL OIL LIMITED

Farm Division

A SPORTING PROPOSITION

On a July morning in 1922, as the New York Giants practiced in the Polo Grounds, a shabby man drifted up to their tough little manager, "Mr. McGraw," he began haltingly.

"Well?" snapped John McGraw. "I'm Jack Scott." "Sure enough, it was 'The Deacon' once a fine pitcher, now a washed-up has-been with a dead arm. Hello, Scott!" exclaimed McGraw. "How's thing?"

Scott flushed and hesitated. Nobody in baseball wanted him any longer. He had slaved on his tobacco farm a whole year, then his barn caught fire and his year's work became just a glare in the sky. Now he and his wife and kid were living in a dreary furnished room.

"Mr. McGraw," he gulped, "they say you give a ballplayer a second chance when nobody else will. I'm wonderin' if you'd let me work out with your club. Maybe my arm would come back."

McGraw dug into his pocket and slipped a \$50 bill into the player's hand. "Pay it back any time, Scott," he said gruffly. "Bring your stuff up to the clubhouse tomorrow."

Three months later 50,000 frenzied fans sat in the stands to see the third game of the World Series between the Giants and the Yankees. Suddenly McGraw, always the gambler at heart, snapped, "Get out there Scott, and warm up. You're pitching today!"

When Scott's name was announced as starting pitcher, the stand buzzed. Surely McGraw knew better than to start this baseball tramp against the slugging Yankees! But nobody will forget the game that Jack Scott pitched that afternoon. He came down to the ninth inning with the Giants leading 3 to 0. Balz Ruth strode to the plate, went out on a dinky little grounder. Scott mowed down the next batter. Two out, and hard-hitting Bob Meusel was up. The windup, the pitch, and Meusel connected—for a lazy, trickling grounder that became an easy third out. The game was over. Jack Scott had won by a shut-out, allowing but four scratch hits to the hardest-slugging crew in baseball. And a \$50 loan won a World Series game for John McGraw, tough rough—and tender.

—Bill Stern.

Only about 5000 stars are visible to the naked eye; not more than 2,000 at any one time.

GROCERIES EASIER TO GET, HARDER TO PAY FOR

A Canada-wide survey of grocery wholesalers and retailers shows that housewives are encountering few difficulties in buying what food they like today; but they are running into price advances in nearly all lines, Canadian Grocer reports. Salmon, tapioca, rice and canned corn are still scarce but they are rapidly catching up. Ontario retail grocery prices are found to be up about 9 per cent over last year in voluntary chain stores and about 13 per cent in a corporate chain. Biggest gains are in jams, tea, coffee and shortening.

Many of these increases are due to the removal of government subsidies which formerly supported the market and kept retail levels down. If these formerly controlled items were omitted from the list, increases in other lines would be scarcely noticeable.

HAIL DAMAGE HIGH

Hail damage in Alberta this year has been the worst in ten years, according to J. Glen Elder, manager of the Alberta Hail Insurance Board. Damage to Alberta crops is estimated to be about \$20 million.

The Hail Insurance Board had received a total of 4,200 claims by August 19th. It is expected that between one million and two million dollars will be paid out in hail claims. Approximately 600,000 acres have been hit by hail. Much of the crop was damaged 100 per cent. It is estimated that 25 per cent of the farmers carried enough insurance to cover the cost of labor, seed and other crop expenses.

One of the largest storms was in the Wetaskiwin district where a 50 mile strip extending from there to the Saskatchewan border was damaged up to 100 per cent. Other storms causing heavy damage were those extending over an area 100 miles wide from Vulcan to the Saskatchewan border, and another storm, although small in area, caused extremely heavy damage in an area between Nobleford and Seven Persons.

E. Emrier, a farmer in the Monarch district near Lethbridge, combined a rye crop yielding 25 bushels per acre. With rye at \$2.74 per bushel, the return would be \$68.50 per acre.

ALBERTA WHEAT POOL ELEVATOR TO BE REBUILT

The Alberta Wheat Pool has contracted for the immediate construction of a 60,000 bushel modern elevator at Three Hills to replace the plant destroyed by fire.

The new structure should be completed early in October.

HOG MARKETING UP 18 PER CENT IN JULY

Hog marketing during July of this year rose 18 per cent above those of July, 1946. L.W. Peasall, Chairman of the Meat Board has announced.

Last July was the third successive month to show greater marketing than in the corresponding months of 1946. June advancing 15 per cent and May 8 per cent.

July's increased marketings were almost entirely due to heavier offerings from Eastern Canada which marketed 29.7 per cent more hogs than in July, 1946. Ontario rose by 39.5 per cent and Quebec by 49.1 per cent.

Hog marketings from the three prairie provinces were down 6.7 per cent from those of July, 1946, but are improved from June, 1947, when they were 13.7 per cent less than in June, 1946.

All Canada hog marketings for the first seven months of 1947 total 2,619,210, or five per cent less than the 2,753,109 hogs marketed during the corresponding period of 1946.

NO EXTRAS WANTED

Old Jock McTavish told a friend he was running for an undertaker as his wife was seriously ill.

"But," remonstrated the friend, "it's not an undertaker you want, it's a doctor."

"No, no," was the reply, "I can't afford to deal wi' middlemen."

All these thrills are yours
when you own this one car giving
BIG-CAR QUALITY AT LOW COST

Here are all the major thrills of motoring combined in one outstanding automobile — the new 1947 Chevrolet. Big-Car styling — Big-Car comfort — Big-Car performance — and big savings, too — all yours in this only motor car giving BIG-CAR QUALITY AT LOW COST.

One look at this smartly styled Body by Fisher will tell you it's the most beautiful motor car body in its field — both inside and out. It's extra roomy, extra comfortable, and extra safe as well. It's one of the many Big-Car advantages found only in Chevrolet and higher-priced cars.

In the new Chevrolet, riding is like cruising in perfect weather. Your trip is so smooth, so steady, so enjoyable! You ride in solid, balanced comfort over all types of roads, with Chevrolet's famous Knee-Action Gliding Ride — exclusive to Chevrolet and higher-priced cars.

Count on hair-trigger getaway — power for any hill — all the speed you'll ever need! For this new Chevrolet boasts a Valve-in-Head Engine — the extra-efficient type of engine — giving maximum results from every gallon of fuel. Remember — Valve-in-Head performance and reliability are exclusive to Chevrolet in the lowest-price field.

Be wise! Keep your present car in good running condition by bringing it to us for skilled service at regular intervals, until you secure delivery of your new Chevrolet. Come in for a complete service check-up today!

FORESTALLING ILLNESS

When you are well is the time for that medical check-up, say the experts. Conditions unfavourable to physical or mental well-being may be detected by careful examination before you become ill.

"Although you may feel perfectly well, a check-up may reveal that there are some little things, such as your dietary or other habits, which require attention if you are to retain health," say the medical authorities, in urging close liaison with the family doctor at all times.

TO INCREASE WHEAT PRICE

A government decision to recommend to parliament an increase in the initial wheat price paid to western farmers, retroactive to the 1945 crop, was announced last week by Trade Minister MacKinnon.

The present initial price is \$1.35 a bushel on the basis of No. 1 Northern at Fort William, Port Arthur or Vancouver.

Mr. MacKinnon said the amount of the increase, made possible by favourable prices received by the Canadian Wheat Board in its sales abroad, had yet to be decided. However, if approved by parliament, the higher price will apply to the crop years of 1945-49 inclusive.

It was stipulated in unofficial circles that the increase might be as high as 20 cents a bushel.

The boost would go into effect as soon as parliament approved and payment in respect of earlier crop years would begin "as soon as physically possible" after this approval had been given.

The recommendation will be made to parliament "early" in the next session, expected to open next January or February.

"The amount of the increase cannot yet be decided. Depending in large part upon the size of the present crop and developments in the market situation between now and the assembling of parliament but an increase will certainly be recommended," Mr. MacKinnon said.

Evidently demoralized by wolf packs, deer were a common sight in the mining village of Gowganda, Northern Ontario, this past winter.

PURE PEPPER AVAILABLE BUT PRICES HIGH

Paul Sykes, Canadian Trade commissioner in Singapore, reports that there is no surplus for the suppression regarding world supplies of pepper and the possible necessity for the continued use of wartime substitutes. There are ample supplies of various types of pepper available for immediate export from Singapore, and prospective Canadian buyers can be supplied with orders at any time, though prices are comparatively high.

Despite reported shortages and keen demand in Canada and the United States, no business worth mentioning is being done in either of these markets at present.

VARIETY OF JAPANESE GOODS OFFERED FOR EXPORT

Private trading between Canada and Japan was resumed on August 15 following the approval of the Supreme Commander of the Allied Powers of applications for six Canadian business men to enter that country. Two other applications are awaiting clearance by SCAP, and this will complete the quota of eight places allocated to Canada by the Inter-Allied Trade Board in Washington. Additional quotas may be established at a later date, but as imports into Japan are under strict control, first consideration in the approval of applications will be given to possible purchasers of Japanese products.

A wide variety of Japanese goods is presently available for export but the quantities of any particular commodity are relatively small. The exports offered consist of merchandise that can be manufactured under existing production techniques, and represents current Japanese output which is dependent upon the import of raw materials and domestic coal production.

Experiments are now being conducted to determine improved formulas and spraying equipment for using 2-4-D for weed control on summerfallow in place of cultivating the ground several times during the season. General recommendations call for applications of one to two pounds of 2-4-D per acre using the same spraying equipment used for eradication of mustard in cereal crops.

JULIE, THE COW, REJECTS DAYLIGHT SAVING TIME

Julie, the Shingwauk milk cow, rejects daylight saving time. Having put it out of her life, she ignores it completely. Being a conscientious cow, she does her duty as she sees it, in her own time, in her own way. When she has given her fifty pounds of milk a day she says to herself, "That's that, the folks can drink it or give it to the pig and the calf. They can do as they like; I'm sure I will."

Julie might be described as a Herstein. She is proud of her illustrious forbears in both the Herford and Holstein families, who gave her a Holstein body and a white Herford face, with a black ring around each eye, which would make her look like a clown if it were not for the vast dignity and indestructible aplomb she inherited from her father.

In the early part of June, Julie was milked at eight o'clock in the morning; seven her time. At precisely six-thirty, her time, she emerged from the pasture and marched with measured tread, in complete serenity, towards the barn, silhouetted against the shining lake. Where the spring flows into the lake she stopped for an ample drink, lifted her nose and, after making a cool appraisal of the entire scene, resumed her regal progress to her stall.

When her milking time was changed to six-thirty, five-thirty her time, she was unmoved. Her leisurely breakfast of young, dew-sprinkled clover is now pursued without regard to daylight saving time or human convenience. When we insist upon her leaving it and head her toward the barn, her disdain says to us: "Well, if you are going to let this farm be run by city slickers who tinker with the clock, you may, but don't expect me to suffer." Her reproach hurts us. Particularly when we are hauling hay to the barn in the evening, we hate to think that Julie has more sense and independence than we have regarding working time.—The Scene.

World production of fats, oils and oilseed harvested in 1946 is estimated at 17,696,000 short tons. Oil content is about 5 per cent above the 1945 output but 20 per cent below the 1935-39 average.

There are 40 cities of 20,000 population or over in Canada.

My boy, I would advise you to deliver your grain to Alberta Pool elevators and to stay with the Pool. It has been a big help to us Alberta farmers; it is our business and it is up to us to make it successful.

I believe in co-operation and I think we farmers should stand shoulder to shoulder to show the world that we can operate our business in the way we want it done.

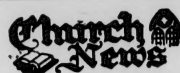

Our Alberta Wheat Pool operates for the people on the land and not for the investor or speculator. It has cut to the bone the cost of grain handling. It has corrected abuses and is providing a fine trustworthy service.

The Pool put a patronage dividend policy into effect, compelling other grain companies to do likewise. They never would have done so but for the Pool.

Original Pool members put up over \$8 millions in cash to build the Alberta Wheat Pool. You can increase your ownership in the Pool merely by delivering your grain. You will get patronage dividends in cash and reserves. Ownership lies in the reserves.

The aim is to keep Alberta Pool Elevators in the hands of operating farmers. Stay with the Pool and you will always be glad you did so.

-: DISTRICT NEWS :-

MELVIN NEWS ITEMS

(Week of August 25)

A hail storm last week swept through a large portion of this district with devastating results. Some damage was estimated at 100 per cent.

Misses Marjorie Chandler and Leslie Jackson, who have been employed at Banff during the summer months, returned to their homes last week.

Mrs. Lee Sanderman of Calgary spent last week end at the A.E. Krebs home. Lee has been helping there for the past week.

Mr. and Mrs. Allan Krebs, Mr. and Mrs. Albert Krebs and Mrs. Annie Krebs were Edmonton visitors last week.

Mrs. L. Wollen spent a couple of days in the hospital last week, where she had a couple of embedded baby teeth removed from her jaw. We're glad you're fine again.

Mr. and Mrs. Lewis Wollen, Mr. and Mrs. Harold Thompson and Lynn of Calgary, Mr. and Mrs. Frank Helber and Mr. and Mrs. Lester Krebs were all visitors at the Wollen home last Sunday.

We hear of the recent marriage of Norval Honey at Vancouver and wish him and his bride much happiness and success in the future.

Mr. and Mrs. E. Dupont left Banff to spend a few days at Banff.

BERGEN NEWS NOTES

Niel Neufeld and wife assisted in the meetings at Bergen as song leader and organist.

Gus Schwatki helped with the music and drew beautiful pictures, while appropriate Bible readings were rendered.

The Misses Schmidt and Byers held a vacation Bible school at the Red Deer Valley.

John Haug went to Calgary to attend a healing service.

Dave Davidson is building a new house on his farm, the former Gerhardt Pearson place.

Mrs. Albert Olsen and Mildred, and Esther Erickson have gone on a trip to Washington and Oregon.

They will visit relatives and friends who formerly lived in Bergen.

Rev. Birk has finished a ten-day meeting at the Bergen church and will now go to James River Bridge for another series of meetings.

Rev. and Mrs. M. Baker, accompanied by several neighbors, attended the meetings at Bergen for two evenings.

Bill Gamble and wife are staying in Calgary for a month before returning to McGee, Sask.

Bill Gamble left his goods crated and ready for removal, but some thieves broke into the house and took canned fruit, jars, wedding presents, knives, forks and clothes.

They piled open every box and parcel and scattered the contents all over the house. This does not seem to be a very good way of treating a person's goods, nor a neighborly way to treat the absent.

U.S. EDITORS PRAISE ALBERTA HIGHWAYS

Looking over the tourist possibilities of Alberta, a party of U.S. travel editors had praise for the highways of the province.

At Edmonton, they stated that they found the tourist roads good and proposed to say so in articles in their newspapers and magazines.

One editor said that in the U.S. there was considerable road mileage of an inferior standard to that in Alberta. He said that many U.S. tourists were primary interested in road conditions and reports in recent years had caused some misapprehension concerning the highways of the province. The forthcoming articles would counteract this feeling and would no doubt cause many to visit this province in their cars.

For many years, the Alberta Motor Association has stressed the importance of building permanent tourist roads as part of the tourist program. The reports of the U.S. editors consequently are gratifying to the officials of the A.M.A.

Cheddar cheese is the most popular kind and is made in all parts of the world.

BURNSIDE NEWS NOTES

Mr. and Mrs. Brander of White Rock, B.C., are again in the district, helping their son, Sandy, with the harvest.

Mr. and Mrs. Ivor Weber had a surprise visit last Wednesday from Mr. and Mrs. Jack Henderson and family of Lethbridge.

Bill Roberts is helping Ivor Weber with the stooking, and from there will go to the Foster Dowell farm at Carstairs to assist with the harvesting.

Lila McCulloch spent a short time visiting little Sandra Brander and then accompanied Sandra home where she will visit for a while.

Burnside school reopens on September 2nd, this time with a fully qualified teacher behind the desk.

Mrs. Jack Underhay attended a tea at the Carleton Leeson home last Friday.

Mrs. Pratt Sr. and Mrs. George Carter and daughter of Calgary visited with relatives in the district last week.

Miss Mary Rock returned to Calgary Monday after a two week's holiday at her home here.

Mr. and Mrs. Win. Lyons and son, Howard, were callers at the Sandy Brander home last Saturday evening.

Bobby Fulkerth tore a ligament in his leg last week when he slipped from a tractor.

Mrs. Forbes is helping out during harvest at the Walter McCulloch home.

Congratulations to Norma McCulloch, who passed her exams and is returning to Berghall school to take Grade XI.

ZELLA NEWS NOTES

Visitors for a couple of days last week at the homes of Mrs. Arthur Waldroff and Mrs. Wilbur Janhke were Mrs. Carl Oppen and daughters, Charlotte and Anna Marie, of Bascabel, Wisconsin; Mrs. Marie Schwab of Bascabel; Mrs. O.B. Oppen of Minneapolis, Minn., and Mrs. Anton Oppen of Camrose, Alta.

Mr. Carl Oppen and Mr. Anton Oppen were special guests at a birthday dinner held at the home of Mrs. Arthur Waldroff last Tuesday, their birthdays falling on the 25th and 29th respectively.

WESTCOTT NEWS NOTES

We are glad to hear that Mr. Jim Hughes is home from hospital and that Mrs. Hughes is to be out soon.

Mr. and Mrs. Herbert Goetjen and daughters spent Thursday in Calgary. They were accompanied to the city by Miss Joyce Buhr and Mr. Linden Jacobsen.

Mr. and Mrs. Bob Patchell of Cremona were guests at the Clarence Reinhardt home Sunday last.

Don Folkman and LeRoy Benson left Monday for Red Deer where both boys will attend school this term.

Ted Dageforde and some friends from the north were visiting here over the week end. Ted is employed at Consort, Alberta.

Harvesting is in full swing and the countryside is beautiful to behold as the fields take on the look of plenty, and everyone is bustling around to beat old man winter.

Mr. and Mrs. Fred Goetjen entertained at dinner on Sunday last, the guests being the latter's parents, Mr. and Mrs. Alex Schneider and sister, Gladys, of Didsbury, and also the former's brother and wife, Mr. and Mrs. Herbert Goetjen and family.

The Bogner family here have received the sad news of the death by drowning of a relative of theirs at Trochu, the victim being a thirteen year old boy who, with a companion, lost their lives while playing on a raft. The funeral was held on Sunday and Mr. J. Schneidmiller took the family over by car.

The Jacobsens are also mourning the loss of a cousin, who passed away in Calgary quite suddenly on Thursday evening last.

School opens today (Tuesday) and we understand the interior of the school had its face lifted during the holidays and pupils will enjoy that. We're also welcoming a new teacher at Westcott.

A DAY'S WORK FOR AN EGG

In Lynden, an average worker has to put in 40 minutes to earn the cash to buy a pound of butter and ten minutes for a quart of milk. In Russia, twelve hours of toil are required for the butter and three for the milk.

A Soviet egg sells for 90 cents, a full twelve hours pay. Cooked ham is quoted at \$16.50 per pound over there, bologna \$19.00 a pound, sugar \$12.00 a pound and pork \$8 a pound, the Leningrad labourer simply hasn't enough time in his week to earn enough to buy for his family what we would consider an ordinary square meal.

However, perhaps these figures should not be considered too convincing an argument to those who are trying to talk American workers into adopting the Russian system. These high prices and skimpy meals may eventually be lowered; they have only prevailed for half a lifetime.

—Lynden Tribune.

The commission handling blitz and doodle bug claims for damaged private buildings in Britain expect to be paying out for another ten years.

Mrs. Mary Skerry returned Saturday to her home at Carleton after spending the past three weeks with her son and daughter-in-law, Mr. and Mrs. W. Skerry.

Mrs. Alma Shannon and Eddy of Lethbridge visited last week with Mr. and Mrs. Cunningham. Mrs. Shannon went on to Edmonton and Eddy will visit for awhile with his grandparents.

Mrs. Bertha Brechwald has as her guests over the week end her niece, Mrs. Alva Ulrich, and her two great-nephews, Teddy and John Ulrich. The Ulrichs motored via Glacier Park and over Logan Pass, and found the roads good all the way. This is the first time Mrs. Brechwald has seen her niece since 1900. The two boys took in the Jolopy races in Calgary on Labor Day.

WHO DOES YOUR PRINTING?

All business houses need more or less printed matter, all of which is within the possibilities of the local printer. Yet how prone many are to pass up the home printer and let the orders go to city offices which have no interest whatever in rural communities except to get printing orders and the cash to pay for them.

Business men, remember that the home paper is constantly promoting the interests of the home community and you owe it to yourself and your local paper to back up these efforts by at least having your printed matter done locally.

**When In Need of Printed Matter Consult

—Oak wagon tongues and reaches, also snow fence for open bins, at Cassidy's.

Mr. and Mrs. Garnet Tighe and Mr. and Mrs. E. Rouleau and David spent the Labor Day week end at Banff.

—Large shipment of Kroehler Chesterfield Suites, Lazy-Boy Rocker and Recliner Chairs to arrive this week. See them on display at the Builders' Hardware.

Visitors at the Wiggins' home Friday were Mr. and Mrs. C. Yauch and Mr. Tipple of Olds, and Miss Marion Swingle of New Westminster.

In a letter from Mr. and Mrs. Bill Falk of Luton, England, (formerly of Sunnyslope) we learn that they are the proud parents of a son, Melvyn Robert, born on Friday, August 15. According to the letter Bill is doing well in England and was recently promoted to foreman of one section of a shop owned by Bowman Models Ltd. and has ten men working under him. The short rations in England do not seem to have bothered Bill because he informs us that he has gained eight pounds since leaving Canada.

And Meet Your Friends

Miss Mae McLean of Calgary is visiting with her grandparents, Mr. and Mrs. Theo Reist, and friends in the district.

The Senior W.A. of Knox United Church will hold its first meeting of the fall season at the home of Mrs. N.S. Clarke at 2:45 p.m. Friday, September 5th. A good attendance is requested.

Mrs. Russell Ady was a business visitor to Calgary Friday. Mr. and Mrs. Ady hope to open their new ladies' and children's wear store in Olds about the middle of the month.

WANTED at once, a girl for general housework. Apply to Mrs. John Kershaw, phone 411. 1c

PHONE 36 DIDSBURY, ALTA

E. T. Wiggins returned Wednesday from a trip to Halifax, N.S., where he attended a teacher's convention as one of the representatives of the Alberta Teachers' Association. His sister, Miss Bertha Wiggins, arrived the same day from Vancouver and visited until Saturday before resuming her journey to her home in Winnipeg.

Mr. and Mrs. Ed Carleton and Michael visited friends in Red Deer on Monday.
